### Words of Pope Francis

*The seed of our good works can seem like a small thing, yet all that is good pertains to God, and thus it humbly, slowly bears fruit. Good always grows in a humble, hidden, often invisible way.*

### Spouses Corner

Much of our lives involve tasks that will ensure those things of value to us are well looked after. How many of us take REAL time to 'pay attention to' or 'give time to' focus just on our marriage? Your marriage can be whatever you want it to be, if you are willing to ensure it receives regular check ups and maintenance!

Faith and marriage are connected and we have the research to prove it! Couples who share a faith and who practice their faith together report much more satisfying relationships and have a greater chance of staying together than those who do not. Be sure you use this information to help your marriage thrive: pray together at meals and before you go to sleep; attend mass together; attend a faith based workshop together; share and discuss a daily reflection. With God as a central part of your marriage you will find great support and protection.
