### Spouses Corner

Conflict resolution is a necessary part of every relationship. It can be positive instead of negative when we forgive our spouses easily and when we readily admit that we have made a mistake. The goal should always be to resolve the issue between us and get back to being happy!

Love can be shown in many ways. Take a few moments to write down a few traits that you appreciate about your spouse and then take the time to share them. Your spouse will feel your love through your words and so will you!
